Remuneration for the preparation of the Electoral Rolls of Kolar Town Municipality.

Sir,

I have the honour to state that the General Elections for reconstituting the Town Municipal Council, Kolar, were held in May 1944, and that the *Marginally noted staff of the Municipality was entrusted with the preparation of the Manuscript copies of Electoral Roll. It is reported that the staff had to complete this work expeditiously in addition to their usual work with the result that they had to work overtime for the completion of the Voter's lists of the several divisions of the Town in time. The Municipal Council having considered the subject, have resolved at their meeting held on 31/7/44 (Copy of the resolution enclosed in the file) that each of these officials may be paid Rs.7/8/0 as remuneration for extra work turned out by them. The matter was under correspondence between this office and the Municipal Office, regarding pro-

provision for the expenditure and the President has finally reported in his No.O.C.83/44-45,dated 12/6/45, that the expenditure may be charged against savings under "H" other items for the year 44-45. The remuneration proposed to the staff by the Municipal Council is reasonable as the preparation of the manuscript Roll was an extra work done by them without detriment to their legitimate work. I request you to kindly obtain sanction for the resolution of the council to pay Rs.7/8Ø0 each to the above said officials and to meet the same from the closing balance of the current year.

Remuneration for the preparation of the Electoral Rolls of Kolar Town Municipal Council.

S i r,

With reference to your letter No.L-955/45-46, dated 10-8-45, on the above subject, I have the honour to state that the work of preparing the manuscript electoral Rolls was considered as extra work for the Municipal Staff and that therefore some remuneration was proposed to the Ministerial and Executive Officials who attended to it in Kolar Municipality. No allowance is granted for such work in other Municipalities in the District. As regards the point as to whether it is not a legitimate work on the Municipal staff it may be stated that the Returning Officer, under Rule 3(1) of the Election Rules has to arrange and regulate the conduct of elections, the Returning Officer, here being the Municipal President, Work in connection with conduct of election may be considered as additional work, as the staff had to cope with this work along with their normal work and were obliged to work overtime. The work on this account in this District Head Quarter Municipality was far in excess of that in other Municipalities in the District.

2. As regards the question as to why sanction of Government is sought for, I invite your kind reference to para 27(2) on page 13 of the Municipal Accounts Manrual under which, sanction of Government is necessary as no provision for this expenditure was made in the sanctioned budget estimates, either under election charges or under allowances to the Municipal Staff to meet this item of expenditure. The amount required to meet this extra experditure has to be met from the closing balance for the current year, as the expenditure was to be met from the closing balance a recommendation was made in this behalf. In these circumstances, I request that sanction of Government may kindly be obtained as already recommended.

3. The connected records accompany for reference and return.
